ANNEXURE '2' - SELECTION POLICY AND PROCEDURES

INTERNATIONAL TEAM SELECTION - BACKGROUND

There are currently the following international competitions relevant to team selection:

1. The World Fly Fishing Championships ("WFFC") held annually.
2. The World Youth Fly Fishing Championships ("WYFFC") held annually and restricted to participants under the age of 18 years of age.
3. The World Masters Fly Fishing Championships ("WMFFC") held annually and restricted to participants over 50 years of age.
4. The Commonwealth Fly Fishing Championships ("CWFFC") held every second year (even years)
5. The Oceania Fly Fishing Championships ("OFFC") held every second year (odd years).

FFA currently has the following two types of ranking points:

- The competition (Abordi) ranking point system is now well accepted by members as a key tool in the selection process and this proposal does not suggest any change in that process. That process is set out under the heading "RANKING POINTS SYSTEM AND RANKING POINTS" in ANNEXURE '2' – SELECTION POLICY AND PROCEDURES OF THE CONSTITUTION.
- The 'session' ranking point system that was brought in this year that is only used as an addition to the competition ranking point system to progress competitors to the Nationals. We believe that has gone down well with members and will achieve its set out goal of ensuring that future nationals are fully subscribed and recommend no change to that process in the foreseeable future either. That process is set out under the heading "PROGRESSING TO THE NATIONALS" under the heading DOCUMENTS on the web site.

INTERNATIONAL TEAM SELECTION – APPROVED BY EMAIL BALLOT 15TH JUNE 2016

The new policy is two fold and involves:

1. Moving to a wholly objective selection process base solely on the 'Abordi' competition Ranking points system as set out in the Constitution and applied as set out below.
2. The five fishing team members selected to compete in the WFFC not being selected to compete in another international event in the same competition year.

To achieve both of the above FFA adopt a policy whereby:

WFFC team selection

- 1) Selection for WFFC being made on a first past the post basis based on weighted ranking points over the last three years as set out below.

The rationale for this policy is that selection will be objectively based and members will have a clear understanding as to where they sit at any point of time in relation to their prospects of WFFC team selection.

- 2) For WFFC team only, selection is determined on three years of weighted 'Abordi' competition ranking points.

The "Abordi" competition ranking points for each of those years, is as currently set out in the Constitution, and includes points earned at the National Championships for each of those three years and the anglers best two state ranking points for each of the same three years. The weighting of the 3 years of 'Abordi' competition ranking points being: current year 100% preceding year 60% and prior year 40%. This would give greater weight to recent performance.

Using the 'Abordi' ranking points in this way over the last three years will:

- Ensure that inter alia, "results and consistency over at least a three year period" is taken into account.
 - Ensure that all members have equal access to ranking points that qualify members for selection in a WFFC team.
 - Introduce consistency into the world team.
 - Reward consistency – we believe that 'the cream always rises to the top'
 - Exclude those that just had a lucky or serendipitous year from being selected to a WFFC team.
 - Result in WFFC members only falling out of selection if their form slumps far enough in a three year period to be replaced by another member whose form has risen above them in the same three year period.
- 3) The five fishing team members selected to compete in the WFFC not be selected to compete in another international event in the same competition year.

The rationale for this policy is that members of the WFFC team should concentrate 100 percent of their efforts on training and preparation for the WFFC. Competing in another international event is considered to be a distraction from the most challenging of competitions.

- 4) A consequence of adopting this policy is that the WFFC team will no longer compete as the Gold team in the CWFFC.

This provides an opportunity to give international competition experience to more members of FFA.

CWFFC (even years) & OFFC (odd years) selection

Under this policy:

1. Two teams, a mens team and a ladies team will be selected.
2. The mens team will be selected based on Abordi ranking points for the current year on a first past the post basis.
3. The ladies team will be selected based on Abordi ranking points for the current year on a first past the post basis, provided however that should this selection method not result in a full ladies team being selected the Board is empowered to make selections based on Abordi ranking points followed by session points followed by an exercise of the Board's discretion (employing a Selection Sub-Committee if thought appropriate)
4. Selections being made only once the WFFC team has been selected and selections have been accepted in writing by team members.
5. A member who qualifies for selection in a WFFC team but does not take up that selection for any reason will be included in the CWFFC selection in the same way as all other members of FFA. CWFFC team members being available for selection to WMFFC or WYFFC teams in the same competition year.

(Amended by Special Resolution – AGM 23 November 2018)

WMFFC (> 50 years) & WYFFC (<18 years)

Under this policy the WMFFC and WYFFC team members are selected on "Abordi" ranking points for the current year with:

1. Selection being made only once the WFFC, CWFFC and OFFC teams have been selected and selections have been accepted in writing by the team members.
2. A member who qualifies for selection in a WFFC, CWFFC or OFFC team but does not take that selection up for any reason will be included in WMFFC & WYFFC selection in the same way as all other members of FFA.
3. Selection for WMFFC and WYFFC would then be being made on a first past the post basis with due respect to the age limitations.
4. CWFFC and OFFC team members being available for selection to WMFFC or WYFFC teams in the same competition year.

(Amended by Special Resolution – AGM 23 November 2018)

SELECTION – TEAM FISHING MEMBERS

<u>TEAM</u>	<u>CURRENT</u>	<u>PROPOSED</u>
WFFC	5	5
CWFFC year	5	10
OFFC year	10	10
WMFFC		5

WYFFC		5

VACANCIES IN TEAMS

1. If a vacancy occurred in the WFFC that vacancy will be filled on a first past the post basis by the member with the next highest weighted ranking points over the last three years.
2. If filling a vacancy in a WFFC team leaves a vacancy in a CWFFC or OFFC team or if a vacancy occurs in a CWFFC or OFFC team for any other reason that vacancy will be filled on a first past the post basis by the next highest ranking competitor for the current year.
3. If filling a vacancy in a CWFFC or OFFC team leaves a vacancy in a WMFFC or WYFFC team or if a vacancy occurs in a WMFFC or WYFFC team for any other reason that vacancy will be filled on a first past the post basis by the next highest ranking competitor for the current year.
5. Once a team member has accepted in writing selection in any team, if they withdraw from that team for any reason, they will not be available for selection in any other team for the same year unless a vacancy occurs in a team other than the original team in which they were selected. If that occurs they will be included in the selection to fill that vacancy in the same way as all other members of FFA.

RESERVES

- 1) Under this policy FFA have adopted a policy of only appointing a stand alone reserve to travel with international teams if neither the Team Captain and Team Manager have qualified for representation in a WFFC or CWFFC in the last 5 years and are willing to be fishing reserve or if that Team Captain or Team Manager is already a fishing member of the team.

This process brings FFA into line with the many international teams that have rationalised the role of reserve and now provide that the Team Captain or Team Manager also act as reserve for the team if required.

- 2) The circumstances in which the Reserve takes the place of a selected Competitor are limited to situations:
 - a) Where the selected Competitor is injured or becomes unwell and the Captain deems it appropriate that the Reserve take the competitors place; and
 - b) Where the selected Competitor desires to be rested and reaches agreement with the Captain to have the Reserve take his/her place.

Under no circumstances is the Captain entitled to unilaterally replace a selected Competitor with the Reserve on the basis that the Reserve is considered by the Captain to be fishing better than the selected Competitor.

SELECTION CRITERIA THAT APPLY TO ALL INTERNATIONAL TEAM SELECTIONS

- 1) To be eligible for selection on any international team, each competitor must be a financial member of Fly Fish Australia prior to competing in any State or National Championships from which they gain ranking points.
- 2) Each selected member must be an Australian Citizen prior to selection into a team to compete at an International Championship
- 3) A member must have represented Australia at either an OFFC or CWFFC championships prior to being in contention for selection in a WFFC team.
- 4) To be eligible for selection in the:
 - (a) WFFC Team an angler must have fished in at least two of the National Championships during the 3 years prior to their selection.
 - (b) For all other teams an angler must have fished in the National Championships for the current year which is the year that their ranking qualified them for selection.
- 5) Where two or more anglers finish the competition year on equal competition ranking points or in the case of WFFC selection with the same weighted competition ranking points over the last 3 years the order of merit will be determined from the anglers finishing position at the most recent National Championships.

(Amended by Special Resolution – AGM 23 November 2018)

PHASING IN

This new system will be phased over the next two years using the principal of the 'best two out of three' that we use in our ranking points for state competitions.

This means that WFFC team selections for 2018 and 2019 only will be made on weighted ranking points over three years with ranking points from the most recent year being weighted 100% and then the ranking points for the other two years being from each competitors best ranking points of the preceding two years. With the weighting still being 60% for the most recent of those two years and 40% for the oldest of those two years.

Graphically the ranking points for the WFFC team selection would look like this:

SELECTION FOR	100%	60%	40%
2018	2016	2015 OR 2014	2014 OR 2013
2019	2017	2016 OR 2015	2015 OR 2014
		OBVIOUSLY WITH RANKING POINTS FOR ANY YEAR ONLY BEING USED ONCE	
2020	2018	2017	2016
2021	2019	2018	2017
AND SO ON			

RANKING POINTS SYSTEM AND RANKING POINTS

This system was implemented for the 2009 competition season, including the 2009 National Championships, and applies to selection of National teams for International competitions occurring in 2011 and beyond except for the selection of National teams for International competitions occurring in 2016 which will be made in accordance with a resolution passed at the 2014 Annual general Meeting of Fly Fish Australia Inc.

From each competition anglers will be eligible to gain ranking points, based on a system described below (see 'Ranking Points scoring in competitions'). At the end of the 'competition season', this being defined as the period in which an angler may qualify for an upcoming National Championship, an anglers best two ranking points from any State competitions along with their ranking points from the current National Championships will be combined to give a ranking points total. This is much like the points systems used by many National and International sporting series, e.g. V8 Supercars or Formula One. These point totals will then be used to rank anglers for International competition selection.

Ranking point scoring in competitions.

Ranking is based on all the competitors in a competition, not just a ranking of FFA members.

As some competitions draw larger numbers of anglers than others it is important to provide some equity in points awarded at the various competitions. For this reason competitions that draw larger numbers of anglers are worth more points.

In order to achieve this the winning angler in a State Competition receives the same number of ranking points as there were anglers in that competition. The second place getter then receives three points less, and so on until all points are awarded. This gives points to a third of all anglers.

For example in a comp with;

- 1) 20 anglers, the winner would receive: 20 points, 2nd- 17, 3rd- 14, 4th- 11, 5th- 8, 6th- 5, 7th-2.
- 2) 30 anglers, the winner receives 30 points, 2nd - 27, 3rd - 24, and so on.

The maximum number of points allowed for a State Competition is restricted to 30 points.

A quick calculation from results available on the FFA web site, 2008, shows an average angler number for State Competitions of around 20 anglers, with a range of 12 – 33). So for competitions with over 30 anglers, the winner would receive 30 points, 2nd – 27, 3rd - 24, and so on. This would allow an individual angler to receive a maximum of 60 points from State Competitions, i.e. if they were to win two competitions with 30 or over anglers.

To maintain an even 2:1 ratio for the National Championships to State Competitions, the National Championships is worth double the largest point score available from any single State Competition. So for National Championships, regardless of the number of competitors, the winner would

receive 60 points, 2nd – 57, 3rd - 54, and so on provided that at least one state held a competition with 30 anglers or more. If the largest State Competition had only 25 anglers then the National Championships would only be worth 50 points, i.e. double the largest State Competition points. This puts a greater point scoring emphasis on larger State Competitions and the National Championships. With the maximum possible ranking points available split evenly between two State Competitions and the National Championships, i.e. 60 points each, 2 x 30 (State) and 60 (National).”

Collation of Results

Prior to the National Championships a provisional ranking of all anglers attending will be collated by the FFA board. It is incumbent on State chapters to ensure that the results of their competitions are forwarded to the web site content manager and placed on the FFA web site, upon the completion of that competition. All care must be taken to ensure the correct distribution of points to appropriate anglers. Failure of State Chapters to supply competition results by this time will result in the ranking points scored in these competitions being excluded from the ranking point total for the anglers involved in that competition.

Upon completion of the National Championships the final ranking total for all anglers will be published on the FFA website.

It is envisaged that this system will provide more stability and competition seasoning between the top anglers of FFA, as well as continuing to provide the opportunity for many anglers to experience the National competition and gain valuable competition experience. Two situations desired by many within FFA.
